Kapil Grover is the Director for Grover Vineyards, the country's leading & premium wine maker. It was Kapil Grover's passion and perseverance, which fulfilled his father's dream – Mr. Kanwel Grover's to establish Grover Wines as the best Indian wines, which match international standard.

Kapil was born in 1956, did his schooling at Mayo College, Ajmer and went on to do his CA. The quest to gain knowledge led him to do his MBA from Switzerland and it was in 1982 that Kapil joined Grover Vineyards. The time could not have been better as Mr. Grover was thinking of setting up the first ever vineyards in Karnataka. What followed was years of research and hard work and it was in 1988, that Grover Vineyards were established over 40 acres of land, at the foot of the picturesque Nandi Hills, where Grover's planted over 35 important varieties, used in France for making wine.

The family's belief and penchant for wines, led to the Vinery attracting the attention of Michel Rolland, the foremost wine consultant in the world. Today with over 10 brands in its portfolio, Grover Vineyards produces some of the finest wines.

Kapil can be held responsible for making Grover Vineyards the country's biggest wine exporter.
